Election/Restrictions

Applicant's election without traverse of claims 1-7 and new claims 19-32 in the papers filed 27-OCT-2003 is acknowledged. Claims 8-18 have been withdrawn from further consideration pursuant to 37 CFR 1.142(b) as being drawn to a nonelected claim groupings, there being no allowable generic or linking claim. Election was made **without** traverse in the papers filed 27-OCT-2003.

EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

The application has been amended as follows:

Claims 8-18, which were non-elected without traverse, have been canceled.

The following is an examiner's statement of reasons for allowance:

The prior art of record does not teach forming a panel having undercut shapes thereon by extruding material into a roll nip wherein the mold roll, having molds which form the undercut shapes, has molding/de-molding strip(s) which move radially outward in order to release. Although the prior art teaches a mold roll having a mold band which moves radially outward to release undercut portions (see Parmelee, and Moertel references), no motivation is currently present to combine such mold roll (with movable strips) with a backing roll to form a roll nip.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
